COLOUR GUIDE

1	**Red**	The top stripe
2	**White**	The wide middle stripe
3	**Red**	The bottom stripe
4	**Green**	The cedar tree

DID YOU KNOW?

The tree is the famous **Lebanon cedar**, a mighty evergreen that can live for over a thousand years. It's the national symbol of Lebanon.

The two **red** stripes stand for the blood of those who defended the country, and the **white** stripe stands for peace and Lebanon's snowy mountains.

Cedar trees have been prized for thousands of years. The **ancient Phoenicians**, who came from Lebanon, built ships and traded cedar wood all around the Mediterranean.

The name 'Lebanon' comes from a word meaning 'white', because of the **snow** that caps its mountains — you can even ski and swim in the sea on the same day!
