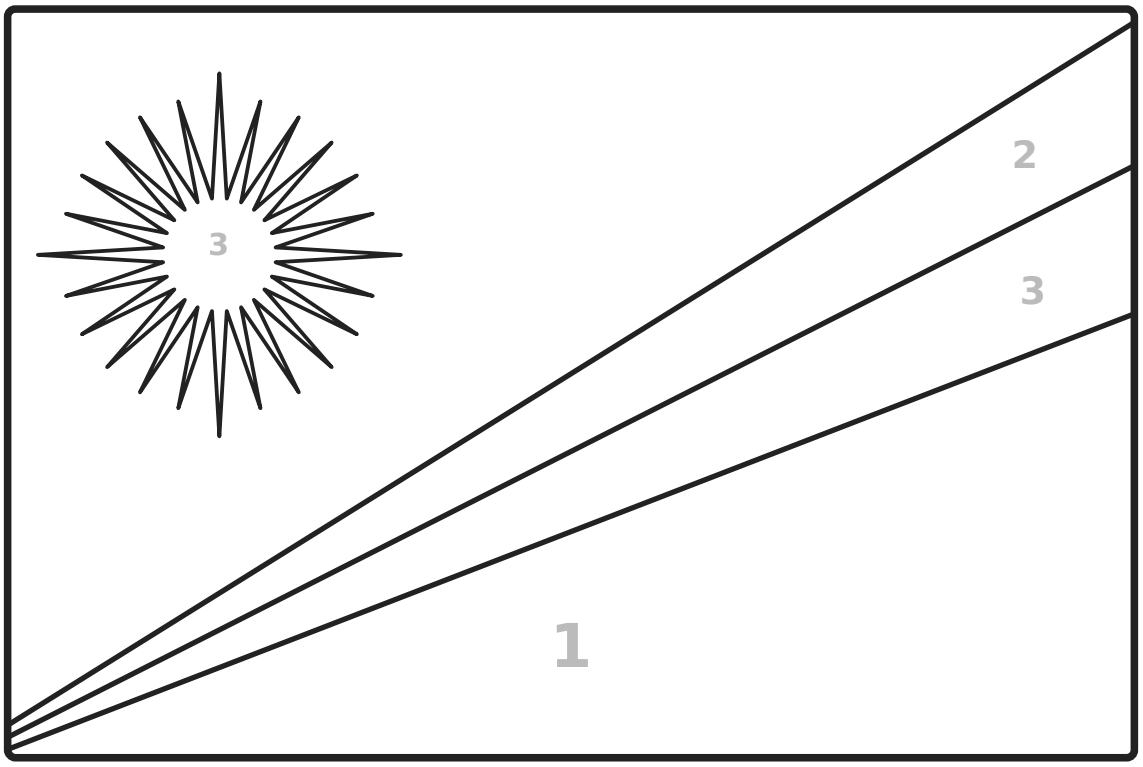
Marshall Islands Flag Colouring Page

Medium



COLOUR GUIDE

1	**Blue**	The background
2	**Orange**	The upper diagonal ray
3	**White**	The lower ray and the big star

DID YOU KNOW?

The big white **star** has 24 points — one for each of the country's electoral districts. The four longest points stand for the main cultural centres.

The two diagonal stripes stand for the **equator**. The **orange** ray means courage and the island group called Ratak (sunrise), and the **white** means peace and the Ralik group (sunset).

The Marshall Islands are made of **29 coral atolls** and 5 islands scattered across the Pacific Ocean — rings of tiny islands around calm blue lagoons.

The stripe getting wider as it rises stands for the islands lying just north of the **equator** and rising up out of the vast Pacific Ocean.
