DID YOU KNOW?

The middle of the real flag shows an **eagle** holding a shield. On the shield is the head of an **aurochs** — a huge wild ox that once roamed the land — along with a star, a rose and a crescent moon.

The three colours are shared with neighbouring **Romania**, with whom Moldova shares a language and much of its history.

Moldova is famous for its **vineyards and wine**. It has some of the largest underground wine cellars in the world — miles and miles of tunnels full of bottles!

Moldova is a small country in Eastern Europe between Romania and Ukraine. It's a land of rolling hills, farms and fields of **sunflowers**.
