

El Salvador Flag Colouring Page

Easy

COLOUR GUIDE

- 1  **Blue** The top and bottom stripes
- 2  **White** The middle stripe

DID YOU KNOW?

The two **blue** stripes stand for the sky and the two oceans near Central America, and the **white** stripe stands for peace.

This is the plain version of the flag. The government's version has a **coat of arms** in the middle, with five volcanoes, a red cap of liberty and a rainbow.

El Salvador is the **smallest country in Central America**, but one of the most crowded. It sits on the Pacific coast between Guatemala and Honduras.

It's nicknamed the '**Land of Volcanoes**' because it has so many — around twenty — and some are still active today.
