COLOUR GUIDE

1	**Red**	The background
2	**Yellow**	The five stars

DID YOU KNOW?

Each of the four small **stars** is turned so one point aims at the big star. That is part of the official design!

Red is China's traditional **lucky colour**, seen everywhere at Chinese New Year.

Giant **pandas** live in the wild only in China, munching bamboo in the mountains.

The **Great Wall of China**, with all its branches, stretches for more than 20,000 km.
