DID YOU KNOW?

Switzerland's flag is a **square**. Only one other country, Vatican City, also has a square national flag.

The white **cross** has stood for Switzerland for hundreds of years. Each arm is a little longer than it is wide.

The **Red Cross**, founded in Geneva in 1863, made its symbol by swapping the colours of the Swiss flag.

Switzerland is a mountainous country in the middle of Europe, famous for the **Alps**, chocolate and cheese. It has four official languages: German, French, Italian and Romansh.
