DID YOU KNOW?

Nepal has the **only national flag in the world that isn't a rectangle**! It's made of two triangular pennants stacked on top of each other.

The **moon** at the top and the **sun** at the bottom stand for the hope that Nepal will last as long as the sun and moon.

Nepal is home to **Mount Everest**, the highest mountain on Earth. Eight of the world's ten tallest mountains are in Nepal!

The **crimson red** is the national colour of Nepal and the colour of the rhododendron, its national flower. The **blue** border stands for peace.
