3	**Green**	Right stripe
4	**White**	The emblem — mosque, wreath and rays — leave it white

DID YOU KNOW?

The emblem shows a mosque inside a wreath of wheat. The year **1298** on the ribbon is 1919, when Afghanistan became independent. We've left out the holy writing at the top, as it is sacred text.

Afghanistan has changed its flag **more times than any other country** — over 20 different designs in the last 100 years.

This design was the national flag from **2013 to 2021**. Since 2021, a different flag — white with black writing — has been flown in Afghanistan.

Black stands for the **past**, red for **independence**, and green for **hope for the future**.
