DID YOU KNOW?

Each stripe has a meaning: **red** for the bravery of Bolivia's soldiers, **yellow** for the country's mineral wealth, and **green** for its land and nature.

This is the **state flag**, with Bolivia's coat of arms in the middle: a condor, the sun rising over the silver mountain of Potosí, a llama, a tree and a sheaf of wheat, inside a ring of ten stars.

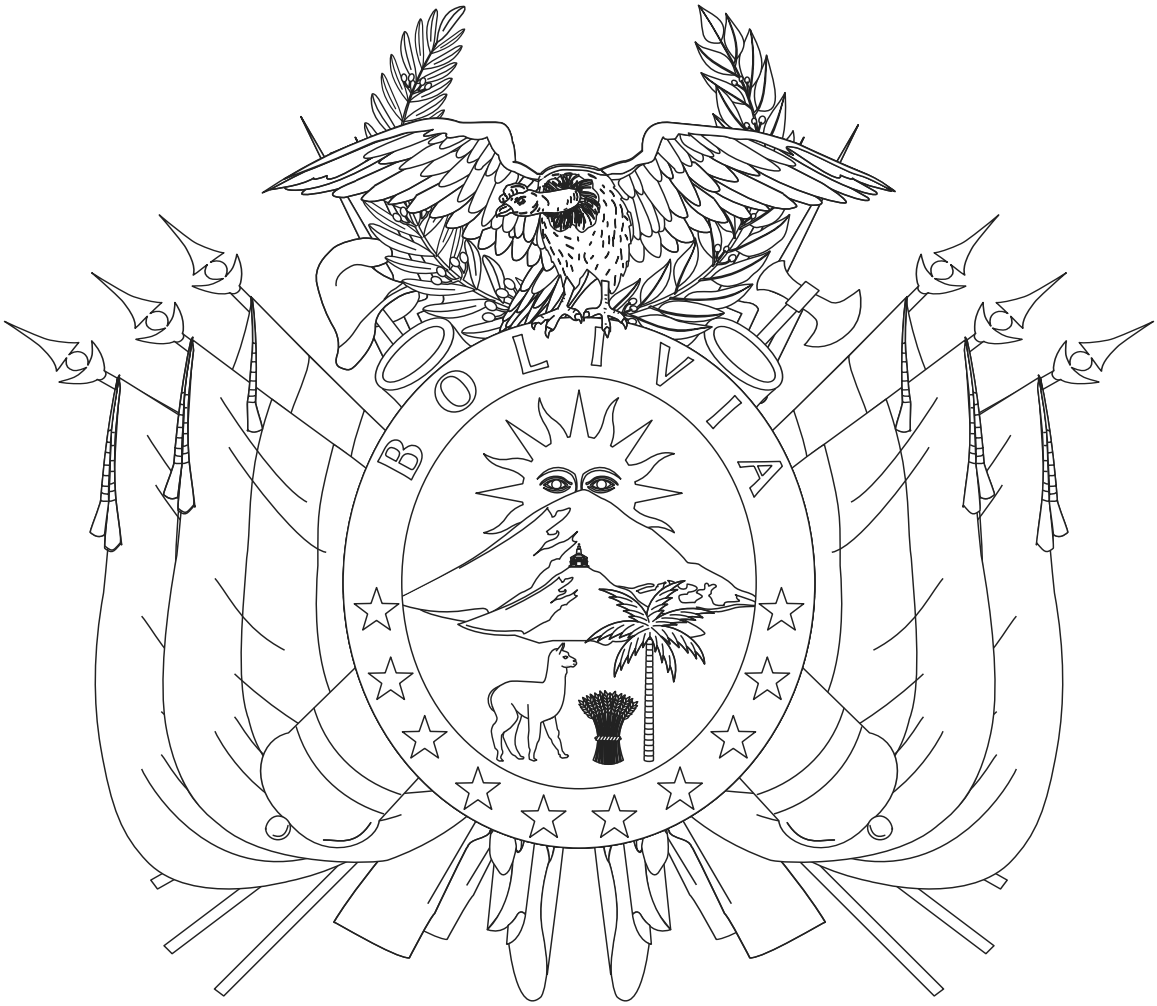

Bolivia has **two capital cities** — Sucre and La Paz. La Paz is the highest capital city in the world.

Bolivia is home to the **Salar de Uyuni**, the largest salt flat on Earth — so big and flat it's used to help calibrate satellites in space.
