DID YOU KNOW?

Ethiopia's green, yellow and red inspired flags all across the continent. They are known as the **Pan-African colours**.

The **star** stands for unity and a bright future, the rays for prosperity, and the blue circle for peace.

Coffee comes from Ethiopia. Legend says a goat herder noticed his goats dancing after eating coffee berries!

Ethiopia is one of only two African countries that were **never colonised**, though Italy occupied it for a few years.
