DID YOU KNOW?

The red stripe holds five **guls**, patterns from traditional Turkmen carpets. Each one belongs to one of the five main Turkmen tribes.

The white **crescent moon** stands for a bright future, and the five **stars** stand for the five regions of Turkmenistan.

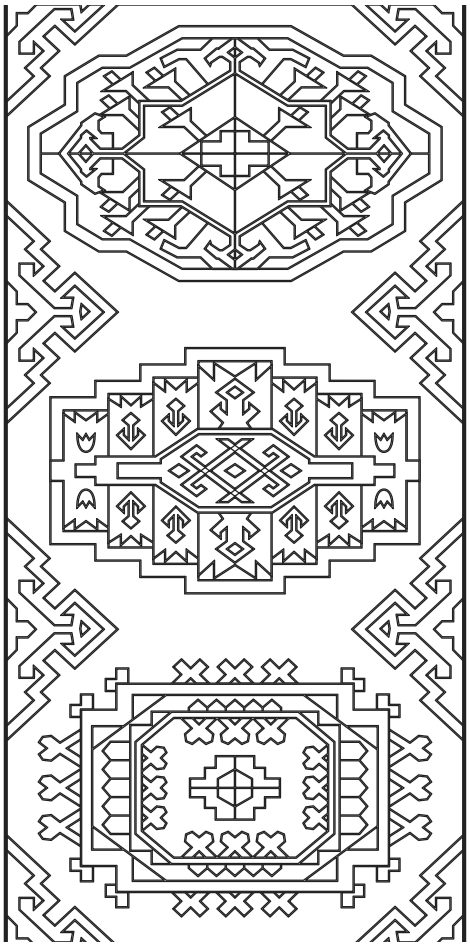

The two **olive branches** under the carpet patterns were added in 1997. They stand for peace, as Turkmenistan has promised to stay neutral and not take sides in wars.

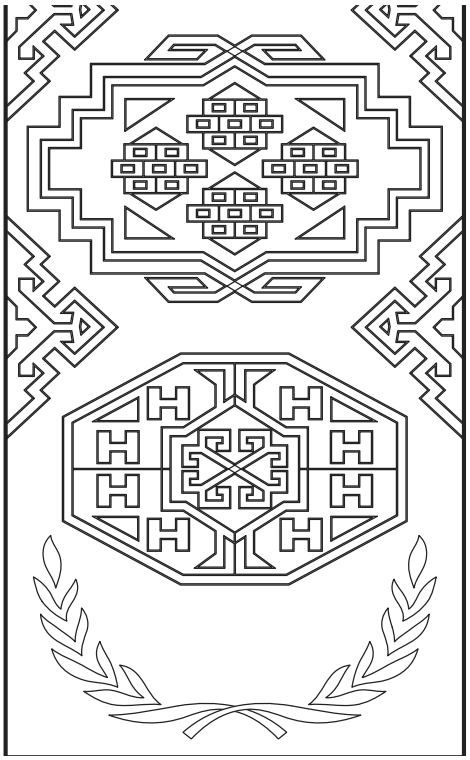

Turkmenistan is a desert country in Central Asia, home to the huge **Karakum Desert**, ancient Silk Road cities and the Akhal-Teke horse, famous for its shimmering coat.
