DID YOU KNOW?

The two crossed **keys**, one gold and one silver, stand for the keys of heaven that Jesus is said to have given to Saint Peter. A red cord ties them together.

Above the keys is the papal **tiara**, a tall crown with three levels that popes once wore.

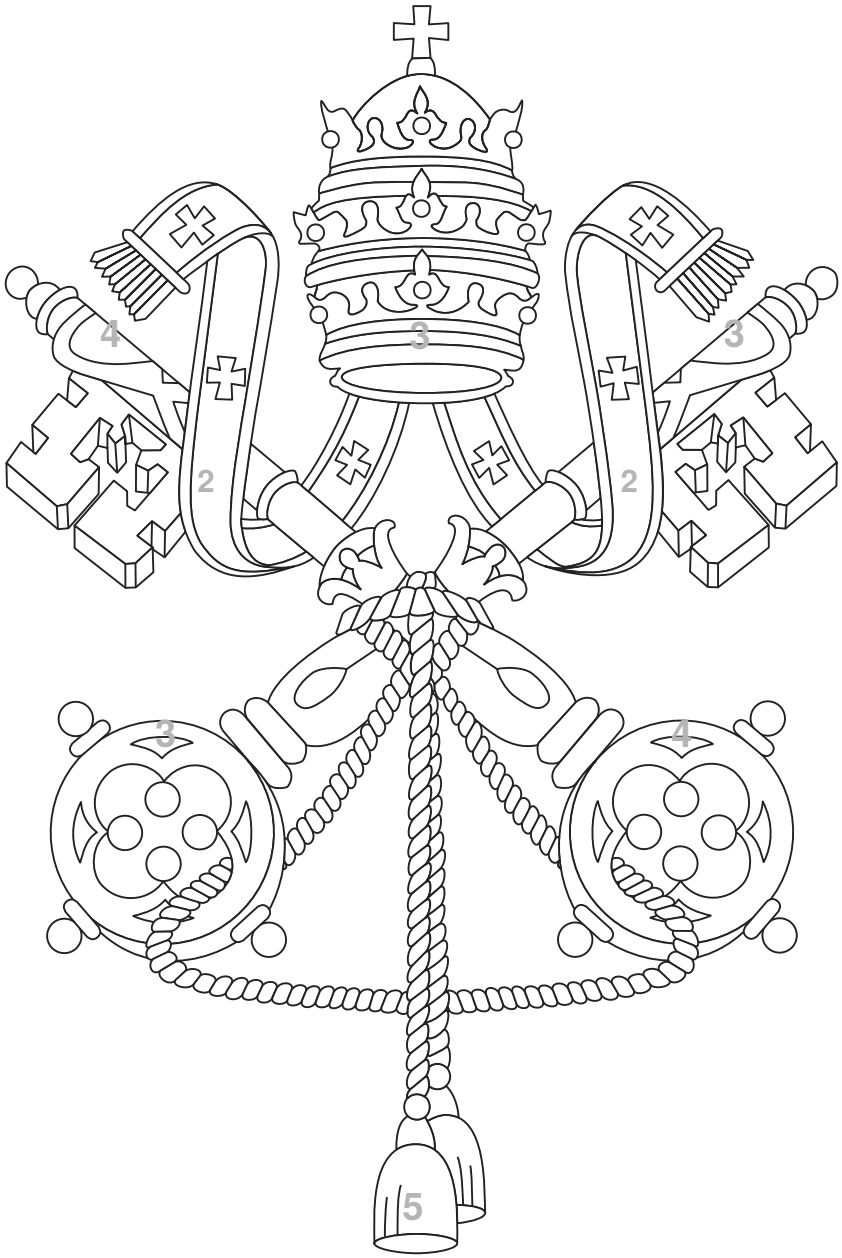

The flag is **square**. Only Vatican City and Switzerland have square national flags. The emblem was redrawn in a new official version in 2023.

Vatican City is the **smallest country** in the world, inside the city of Rome. It is home to St Peter's Basilica and the Pope, the leader of the Catholic Church.
