COLOUR GUIDE

1. **White** — The stripe on the left, plus the crescent and star — leave them white!
2. **Dark green** — The rest of the flag, around the crescent and star

DID YOU KNOW?

The **crescent and star** are traditional symbols of Islam — the crescent stands for progress and the star for light.

The white stripe represents Pakistan's **religious minorities**, and the green represents Islam.

K2, the second-highest mountain in the world, is in northern Pakistan.

The flag was adopted in **August 1947**, just days before Pakistan became an independent country.
