DID YOU KNOW?

The colours are shared with several Arab nations. On Iraq's flag, **red** stands for bravery, **white** for peace, and **black** for past struggles.

The green writing in the middle says **'Allahu Akbar'**, which means 'God is Greatest'. It is written in a beautiful style of Arabic called Kufic.

Iraq is home to **Mesopotamia**, often called the 'cradle of civilisation' — one of the places where writing, cities and the wheel were first invented.

Two great rivers, the **Tigris and Euphrates**, flow through Iraq. The land between them is where some of the world's first farms appeared.
