COLOUR GUIDE

1	**Sky blue**	The whole background
2	**Gold**	The sun and the eagle in the middle
3	**Gold**	The pattern down the left-hand side

DID YOU KNOW?

The golden **sun** has 32 rays shaped like grains of wheat, standing for a rich harvest and a bright future. Below it soars a **steppe eagle**, a symbol of freedom and power.

The **sky-blue** background stands for the vast open skies over Kazakhstan and for peace, while the **gold** stands for the sun and wealth.

The pattern down the left is a traditional Kazakh design. Kazakhstan has a long history of **nomads on horseback** roaming the wide grasslands, called the steppe.

Kazakhstan is the **largest landlocked country in the world** — it doesn't touch any ocean but is bigger than all of Western Europe. Spaceships also launch from here!
