COLOUR GUIDE

1	**Dark blue**	The background, for the Pacific Ocean
2	**Yellow**	The thin stripe across the middle, for the Equator
3	**White**	The 12-pointed star, for Nauru itself

DID YOU KNOW?

The star has **12 points** for Nauru's 12 original tribes. It sits just below the yellow stripe to show that Nauru is just south of the Equator.

Nauru is the **world's smallest island nation** and the third smallest country overall, about the size of a small town!

Nauru is in the **central Pacific Ocean**. It has no official capital city; the government offices are in the district of Yaren.

Nauru was once one of the richest countries in the world for its size, thanks to **phosphate mining**, but the phosphate has now nearly run out.
