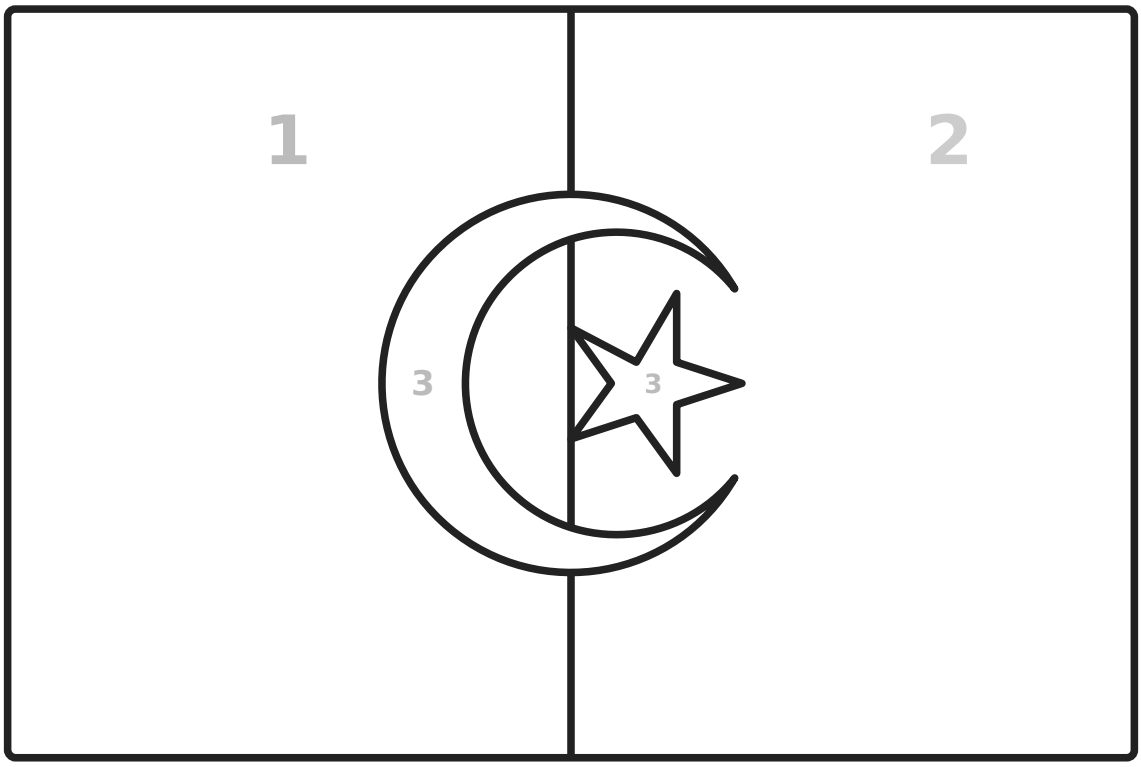
Algeria Flag Colouring Page

Medium



COLOUR GUIDE

1	**Green**	The left half — up to the middle line, even inside the crescent's curve
2	**White**	The right half — leave it white
3	**Red**	The crescent and the star

DID YOU KNOW?

Look carefully — the crescent sits **right across the middle line**, so the background changes from green to white behind it.

Algeria is the **largest country in Africa** — and the tenth largest in the world.

More than four-fifths of Algeria is covered by the **Sahara**, the biggest hot desert on Earth.

The crescent and star are symbols of **Islam**; green stands for nature and red for liberty.
