DID YOU KNOW?

The **ten stars** stand for the ten islands of Cape Verde, arranged in a circle like a compass.

Blue is the **Atlantic Ocean** and sky around the islands; the stripes are the road to progress.

The islands are **volcanic** — Pico do Fogo last erupted in 2014 and you can climb it!

Cape Verde is famous for **morna** music — singer Cesária Évora, the "Barefoot Diva", made it world-famous.
