COLOUR GUIDE

1	**Green**	The main field
2	**Red**	The carpet stripe background
3	**White**	The crescent moon
4	**White**	The five stars

DID YOU KNOW?

The striped band shows five **gul** patterns — traditional Turkmen carpet designs. Turkmenistan is famous for its beautiful hand-woven carpets, and each gul is like a family or tribal signature.

The white **crescent moon** stands for a bright future, and the five **stars** stand for the five regions (provinces) of Turkmenistan.

Green is a colour long connected with nature and Islam. Turkmenistan's flag is one of the most detailed and unique national flags in the world.

Turkmenistan is a desert country in Central Asia, home to the huge Karakum Desert, ancient Silk Road cities, and the famous Akhal-Teke horse breed, prized for its shimmering coat.
