DID YOU KNOW?

The flag has **50 stars** — one for each US state. The most recent star (Hawaii) was added in **1960**. The flag has been changed 27 times!

The **13 stripes** represent the original 13 colonies that declared independence from Britain in 1776.

There are **6 American flags** still standing on the Moon — planted by Apollo astronauts between 1969 and 1972.

The US flag has very precise official specifications — the exact shade of red is **Old Glory Red** and the blue is **Old Glory Blue**.
