COLOUR GUIDE

1	**Blue**	Both side bands
2	**Gold**	The middle band, around the trident
3	**Black**	The broken trident

DID YOU KNOW?

The trident is **deliberately broken** — its snapped shaft stands for Barbados breaking away from its colonial past.

The trident belongs to **Neptune, god of the sea** — the three prongs stand for government of, for and by the people.

Barbados is the **land of the flying fish** — they really do glide above the waves around the island.

Superstar **Rihanna** was born in Barbados — she's an official National Hero of the country!
