DID YOU KNOW?

Belize has the **only national flag in the world with people on it** — two woodcutters, one holding an axe and one a paddle. They stand either side of the shield on the real flag.

The ring around the circle is a wreath of **50 leaves**, chosen for the year **1950**, when Belize's push for independence began.

The shield shows tools from the **mahogany logging trade** and a ship, because that industry shaped the country's early history.

Belize has the **second-largest barrier reef in the world**, after Australia's Great Barrier Reef.
