DID YOU KNOW?

The dragon is **Druk, the Thunder Dragon**. Bhutan's own name for itself is Druk Yul — "Land of the Thunder Dragon".

Look at the dragon's claws — it is clutching **jewels**, which stand for the country's wealth. Its snarling mouth shows it protecting Bhutan.

Yellow stands for the **king** and orange for **Buddhist tradition**, while the dragon is white for purity and loyalty.

Bhutan is high in the Himalayas and is one of the very few countries that are **carbon negative** — its forests soak up more carbon than the country produces.
