DID YOU KNOW?

The golden bird is a **frigatebird**, a seabird with a huge wingspan. It stands for power, freedom, and the ocean-going skill of the Kiribati people.

The **rising sun** has 17 rays, one for each of Kiribati's 16 Gilbert Islands plus Banaba Island. It sits right on the horizon of the sea.

The three white and blue wavy bands stand for the **Pacific Ocean** and the three groups of islands that make up the country.

Kiribati is made of **33 islands** spread across a huge area of ocean. It's one of the few countries to sit in all four hemispheres at once!
