Tuvalu Flag Colouring Page

Tricky

COLOUR GUIDE

1	**Light blue**	The background
2	**Dark blue**	The triangles in the Union Jack
3	**Red**	The crosses in the Union Jack
4	**White**	The borders in the Union Jack
5	**Yellow**	The nine stars

DID YOU KNOW?

The nine yellow **stars** stand for Tuvalu's nine islands, placed where the islands really are, like a little map.

Tuvalu means **"eight standing together"**, because only eight of the nine islands were traditionally lived on.

Look carefully: the stars are **not all the same way up**. Some point up and some point down.

Tuvalu is one of the **lowest-lying countries** on Earth. Its highest point is only about 4.6 metres above sea level.
