DID YOU KNOW?

The orange bird is an **African fish eagle**. It stands for freedom and the people's ability to rise above problems.

Green stands for **farms and forests**, red for the **struggle for freedom**, black for the **people**, and orange for **copper**.

Zambia's flag is unusual because the stripes and eagle sit in the **bottom-right corner**, at the far end from the pole.

Zambia shares the mighty **Victoria Falls** with Zimbabwe, on the Zambezi River.
