COLOUR GUIDE

1	**Red**	The big area around the blue rectangle
2	**Blue**	The rectangle behind the stars
3	**White**	All five stars — even the little one! Leave them white

DID YOU KNOW?

The five stars show the **Southern Cross** — a constellation you can see in the night sky south of the equator.

In 2011 Samoa **jumped across the International Date Line** — 30 December 2011 never happened there!

Because of that move, Samoa is now one of the **first places on Earth to see each new day**.

Red stands for **courage**, blue for **freedom**, and white for **purity**.
